DETAILED ACTION

Remarks

In response to applicant's Amendment, dated June 10, 2003, the examiner acknowledges the correction of the objections related to the Drawings set forth in the Office Action mailed March 28, 2003.

The amendment to claim 10 has address the Claim Objection set forth in the Office Action mailed March 28, 2003.

Regarding the 35 U.S.C. 102(b) rejection of claims 1-21 as being anticipated by Horikawa (US 4,930,896), the applicant makes the argument that Horikawa does not disclose a "first displacement memory which stores a relative displacement between one photo-sensor and another photo-sensor in an incident direction." The examiner has considered the applicant's arguments and withdraws the rejection.

Allowable Subject Matter

1. Claims 1-21 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose a first displacement memory which stores a relative displacement between one photo-sensor and another photo-sensor in an incident direction, along with the rest of the structure set forth in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
